Regular Republican Candidate.

FOR MAYOR.

MATTHEW G. EMERY.

THE COOKS AND BOWIES ARE FRIGHTENED AND KNOW THAT MONDAY SEEKS THE DOOM OF THE CITY HALL RING. EVERY DEVICE HAS BEEN RESORTED TO DEFEAT THE WILL OF THE PEOPLE, BUT EACH MOVE HAS BEEN MET AND THwarted, AND THEY ARE NOW CATCHING AT STRAWS TO SAVE THEIR SINKING CRAFT. NOTHING WILL AVAIL THEM, THEY HAVE BEEN EXPOSED, AND THEIR SINS ARE TOO MANY. THE PEOPLE HAVE WILLED THAT THEY SHALL GO OUT.

IT IS WELL KNOWN that the only hope of the Bowen faction is in the unfounded claim that he is the regular nominal. The truth is, he was nominated before any convention met. It was determined that he should be the candidate of the City Hall Ring in any event. In striking proof of this is the fact that the records of the most bitter political contests that ever raged in this country will not furnish a single instance of a man nominated for the office that was beaten by that faction.

Major Richards before the convention met, though an unopposed Republican, his reputation as a man and as a Republican was assailed through their hand and by the most virulent, and this was done only because he was a rival candidate, whose friends would beat them even in their own paled contention.

They tried to blacken the character and destroy the political standing of Mr. Richards because it was thought he might be the candidate of the Republican party instead of their favorite. What care Bowen and his clique for the Republican party unless it can be made the instrument of their selfish and corrupt purposes? Mr. Bowen nominated himself by trickery and fraud, and by prostituting the powers of his office to corrupt or sway men to his support. Such a nomination has no claims to respect. The election of Mr. Emery will be a grand triumph for Republicans in this city. The election of Bowen means the defeat and disgrace of the Republican party here.

THE INDIANS AND THE FRAUDULENT VOTERS. A Washington correspondent of the New York Tribune, speaking of the Indians at their hotel here, says: "The little red-headed porter or clerk of the hotel was at one time taken for Red Cloud, but his perfectly insignificant appearance soon dispelled that impression when the horse-stealer stood forth on the balcony. A colored boy, evidently the son of an anti-Bowen, was invited if Denham who duggers from Alexandria was carried up brat to vote for Bowen. This afternoon to the municipal contest going on in this city between Bowen and Emery, in which it is charged the Bowen faction is regurgitating voters from Alexandria, elicited much laughter in the crowd, which evidently did not please the Sioux."

RED CLOUD and his companions called on Commissioner Parker yesterday, and subsequently had an interview with Secretary Cox. Red Cloud admitted the Secretary substantially as follows:

"There come a long ways now you. After I arrived here you don't see me. I had to come to-day again, because you have got me into trouble. You have called to see me, so you have to give me some time to talk to you. I am going to see you again, and we will be talking to my people that are here. The Great Father on the subject, and he did not doubt his people would be fairly treated if they remained at peace."

DISHONESTY! THE CHARGES AGAINST MR. EMERY'S INTEGRITY HAVE BEEN DISPROVED, AND HAVE NO OTHER AUTHORITY THAN THE ASSERTION OF WM. A. COOK, WHO HAS BEEN CONVICTED OF TAKING A BRIBE TO PAY MONEY DUE LABORERS TO CONTRACTORS WHO WOULD PAY HIM. WILL YOU BELIEVE SUCH A MAN?

BIRDS OF A FEATHER FLOCK TOGETHER.—From a reliable source we learn that a gentleman having business yesterday with a prominent member of the City Hall ring was forced, after a long search elsewhere, to go to the office of the "nest" of the C. H. R., which he found in the room immediately above the old post office headquarters. While he did not find his man, he took his bill and settled in a lunch, Messrs. Thomas Florence and his assistant, wouldn't-be-dead-beat Alton, \$600 Cook, Second Ward Peter, A. K. Brown, and about half a dozen others of the same sort.

LET EVERY MAN OPPOSED TO SAYLES J. BOWEN REMEMBER THAT IT IS NECESSARY NOT ONLY TO DEFEAT HIM ON MONDAY, BUT TO DO IT SO EFFICIENTLY THAT NO LUKEWARMNESS WILL EVER AGAIN ALLOW HIM BEING IMPOSED UPON US AS MAYOR. CRUSH HIS AMBITION AND CONCEIT A RESULT OF SUCH VITAL IMPORTANCE TO OUR CITY.

NOMINATIONS.—The President sent the following nominations to the Senate yesterday: Wayne McVeagh, of Pitts, to be minister resident at Constantinople; Joseph Buckner, counsel at the bar; Dr. C. C. Moore, of internal revenue; Elihu district of Tennessee; Lewis A. Scott, estimator at Louisville, New York.

WALNUT HAMM, recently appointed supervisor of internal revenue, has been assigned to a district composed of Maine, New Hampshire, and Vermont, those States having been detached from Governor Legge's district. W. A. Stinson will probably be assigned to Massachusetts, Rhode Island, and Connecticut.

W. S. MORSE proposes to return to his normal condition. He had a stroke at Union League Hall on Thursday night that he would call on his betty to Georgetown if Sayles J. Bowen was not elected. He will have to wait to be self-recovered again, trying.

THE BOAT WHICH LEAVES FOR EALT RIVER ON TUESDAY MORNING WILL BE PROVIDED WITH BATELS THAT COST THE CITY MILLIONS, AND A SIX HUNDRED DOLLAR COOK.

NAVI PAY TABLE.

The Senate Committee on Naval Affairs has

decided to oppose the pay table for naval officers as it passed the House of Representatives with the naval appropriation bill, and have appealed to the Senate to propose a more appropriate table. In this case, the Senate is urged that in the preparation of any new schedule of pay for naval officers consideration should be accorded to the offices of those branches of the naval service who were educated at their own expense, who came into the service full-busted by headless youths; who were employed by the Government, for what they knew of their profession, who did not come into the service as school-boys, to be taught at the expense of the people.

We hold that those officers who have been educated at large expense to the country, and who, as the Navy Register shows, spend one-half of their lives ashore, and not in the line of their legitimate duty, or for which they were educated, should not have larger salaries than other more junior favored classes, as has always been the case.

The pay of naval commanders, who are all young men, \$3,124 per year, while the pay of naval lieutenants, midshipmen, and masters, and assistant engineers and naval contractors is \$2,000, men who are in every respect the equals of the more favored officers of the line.

The rank and pay of those line officers rating at a distant day to rear admiral at \$6,000, while the others can never reach more than sixty per cent, to which these line officers attain. This shows clearly that the present pay table discriminates largely against the officers who educate themselves, which, it will be seen, confounds through all of their grades. This is palpable injustice to a large body of meritocratic officers, and we expect to see Congress remedy this wrong. If there is to be any discrimination in the pay of the different classes of officers, it should be in favor of those who were educated at the expense of the country, and against those who have been educated by the Government.
